Group Accidental Death and Dismemberment Insurance

Helping You Survive Financially Through a Tragic Event

Terrible accidents happen and they affect more than just your health. That is why The American College of Obstetricians and Gynecologists offers members Accidental Death and Dismemberment (AD&D) Insurance—with benefit amounts up to a maximum of \$500,000—designed to provide supplemental funds that you or your family members might need during difficult and trying times.

Make AD&D a Part of Your Financial Portfolio

ACOG Accidental Death and Dismemberment Insurance has been carefully evaluated by The College to provide our members with valuable coverage at exclusively negotiated rates. Help protect you and your family from a potentially serious and unfortunate financial loss that can result from an accident.

Eligibility

All active members in good standing under age 70, their lawful spouses under age 70, and their dependent children under age 23 are eligible. You must be a resident of the U.S. (except NH, OR, VT, WA, and Puerto Rico) and Canada (except Quebec).

Coverage up to \$500,000

Coverage is available from \$100,000 all the way up to \$500,000 (in increments of \$25,000). With exclusively negotiated rates and high-limit options, you are offered realistic options to gain this valuable insurance protection. You can also cover your entire family for only a moderate amount more than if you were just insuring yourself.

For an injury directly and independently caused by an accident while coverage is in force for you, your spouse, or your child, the benefits specified below will be paid if such resulting loss(es) occur within 180 days of that accident.

- If you select the Family Option, your spouse will be covered for 50% of your full benefit amount, and your eligible children will be covered for 20% of your full benefit amount.
- If you have no dependent children or if no eligible children are insured, your spouse's benefits increase to 60% of your full benefit amount.
- If you are a single parent, or if only you and your dependent children are insured, each insured child's benefits increase to 25% of your full benefit amount.

Education Benefit

If you select family coverage and lose your life in a covered accident while the policy is in force, the insurance will pay, in addition to the full benefit amount for loss of life, an Education Benefit can be payable, if you have any eligible insured dependent child enrolled as a full-time student at an institution of higher learning on the date

you die, or become(s) so enrolled within 365 days after the date of death. This benefit is equal to the lesser of: a) \$5,000; b) 5% of the Principal Sum; or c) the actual cost of the school's tuition for one year. This benefit is payable annually after your death for a maximum of four consecutive years as long as the dependent child continues to be enrolled as a full-time student at an institution of higher learning. If there are no qualifying dependent child(ren) within 365 days after the date of your death, a one-time lump sum payment equal to 2% of your full benefit amount will be paid to your beneficiary.

Seat Belt Benefit

If an insured person dies as a result of an injury caused by an automobile accident, the seat belt benefit will be paid if the following conditions are met: 1) the benefit for Loss of Life under the Accidental Death and Dismemberment Benefits section is payable; 2) the automobile accident occurs while the person is insured; 3) the person was wearing a seat belt at the time of the accident; 4) death occurs within 90 days of the date of the accident; 5) due written proof is given; and 6) the driver of the private passenger automobile was not intoxicated or impaired with either alcohol or drugs.

Written proof must include evidence that the death was the result of an automobile accident and the person was properly wearing a seat belt at the time of the accident. A copy of the police accident report must be submitted as part of the proof.

The seat belt benefit will be paid in addition to the full benefit amount which is payable for Loss of Life. The amount of the seat belt benefit will be the lesser of \$10,000 or 10% of the person's full benefit amount.

Benefits Paid Directly to You

Your benefits go directly to you or your beneficiary, not to your doctor or hospital. You'll receive your benefits regardless of any other coverage you may already have. Benefits for your dependent spouse and child(ren) will be paid to you.

When Does Coverage Begin?

Your coverage becomes effective the first day of the month after your enrollment form is approved by New York Life and first premium payment is received when due. For dependent insurance to take effect, you must be an insured member.

When Does Coverage End?

As long as you are under age 80, the group master policy remains in force, and insurance is not amended to end for your class; your coverage is renewable as long as you continue to make your premium payments when due. A dependent's insurance will end when your insurance ends; with respect to spouses, the date marriage ends by divorce or annulment; with respect to children, the date the person ceases to be a dependent or premium is not paid for the dependent when due. When a member or dependent enters active full-time military duty, that person's coverage ends.

Group Accidental Death and Dismemberment Insurance

What Isn't Covered?

Though all of us want to make this coverage as complete as possible for our members, there are some exclusions which we think you'll find reasonable. No benefits will be paid for any loss that results from or is caused directly, indirectly, wholly, or partly by:

1. Suicide or any attempt threat; or intentionally self-inflicted injuries, while sane or insane
2. Insurrection, war, or an act of war whether declared or undeclared
3. A physical or mental sickness, or treatment of that sickness
4. Voluntary intake of poison, drugs, gas, or fumes, unless taken as prescribed by a physician
5. Incarceration for participation on (except as a victim) an illegal occupation/activity or the commission of a crime
6. Being intoxicated or under the influence of any drug, unless taken as prescribed by a physician
7. Illness, disease, pregnancy, childbirth, miscarriage, bodily infirmity, or any bacterial infection occurring in consequence of an accidental cut or wound
8. Accident occurring while the insured person is serving on full-time active duty in the Armed Forces of any country or international authority (any premium paid to be returned by the Company pro-rata for any such period of full-time active duty)
9. Flight in, on, or descent from any type of aircraft, unless traveling solely as a passenger

Supported by a Company Known for its Longevity and Financial Strength

New York Life has the highest possible financial strength ratings currently awarded to any life insurer from all four of the major credit rating agencies: A.M. Best (A++), Fitch (AAA), Moody's Investors Service (Aaa), Standard & Poor's (AA+).*

30-Day Free Look Period

If you are not completely satisfied with the terms of your Certificate of Insurance, you may return it, without claim, within 30 days. Your coverage will be invalidated and you will be sent a full refund—no questions asked.

*Independent rating agency commentary as of 10/18/22

\$125,000.00	\$75.00	\$117.50
\$100,000.00	\$60.00	\$94.00

Accidental death and dismemberment benefits will be reduced by 50% on the date the member attains age 70. Accidental death and dismemberment benefits that are based on the member's full benefit amount will be computed on the reduced amount. If death occurs within 365 days solely as a result of an injury caused by an accident which occurs while the person is insured and due proof is received, the policy will pay the full benefit amount for loss of life. If an insured person suffers more than one loss due to any one accident, payment will be made only for that loss for which the largest amount is payable. In the event of loss of sight of both eyes, the loss of both hands, or both feet, movement of both upper and lower limbs (quadriplegia), the loss of speech and hearing, or the loss of any combination of foot, hand, or sight of one eye due to an injury caused by an accident, the policy will pay the full benefit amount. The policy will pay three quarters of the benefit amount for loss of movement of both lower limbs (paraplegia). One-half the benefit amount will be paid for loss of sight of one eye, one hand, one foot, movement of both upper and lower limbs of one side of the body (hemiplegia) or speech or hearing. One-quarter of the benefit amount will be paid for loss of thumb and index finger of same hand. Loss of sight means total loss of sight which cannot be restored by surgical or other means. Loss of hand means that a hand is permanently severed at or above the wrist. Loss of foot means that a foot is permanently severed at or above the ankle. Loss of speech or hearing means entire and irrecoverable loss thereof, which cannot be restored by surgical or mechanical means. Loss of thumb and index finger means actual severance through or above the metacarpophalangeal joints.

IMPORTANT TAX INFORMATION FOR RESIDENTS OF MANITOBA AND ONTARIO, CANADA: Ontario and Manitoba have enacted laws requiring taxation of all group insurance purchased by individuals (Manitoba 7% and Ontario 8%). This tax will be added to the amount of any premium due (in U.S. dollars).
